

THE MINISTER OF STATE OF THE MINISTRY OF COAL (SHRIP. A. SANGMA):

(a) Presumably the Honourable Member is referring to the production performance of Coal India Limited and its subsidiary companies. During the period April '91-January '92, Coal India Ltd. companies produced 157.73 million tonnes of coal as against 142.86 million tonnes produced during the corresponding period last year, thus regis-

tering a growth of 10.4% in coal production over the same period last year.

(b) to (e). Complaints against the grades of grades are received from the consumers by the Coal Controller. Details of complaints received and action taken thereon by the Coal Controller during '90-91 and 1991-92 given below:-

Year	No. of complaints			Action taken
	Opencast Mine.	Under ground Mine.	Total	
1990-91	80	11	91	27 seams down grades.
1991-92	99	15	144	5 seams downgraded, 33 samples collected for checking the grade.

In large opencast mines coal quality at mines suffers due to unavoidable admixture of shale and other extraneous materials. However stringent measures are being taken for checking the quality for coal so that the consumers get the quality of coal they pay for. The coal companies have been advised to be extra careful in the method of mining so as to eliminate the possibility of deterioration in the coal grade. Limited attempt has been made also for picking the extraneous materials. The producing units are installing in-pit crusher to avoid supply of oversize coal and to bring out uniformity in coal quality.

the country at present;

(b) the installed capacity and the quantity of fertiliser being produced in each of these factories;

(c) whether the government propose to set up some new fertiliser factories with foreign collaboration;

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICAL AND FERTILISERS (DR. CHINTA MOHAN): (a) and (b). A statement showing the fertilizer factories in the country including those producing single super phosphate, with their installed capacity and production from April, 1991 - January, 1992 is given below.

(c) No, Sir.

(d) Does not arise.

[Translation]

Fertiliser Factories

1327. SHRI VISHWANATH SHASTRI:

Will the PRIME MINISTER be pleased to

(a) the number of fertiliser factories in
